## **Friedrichshafen Rally**

Following the success of the IRTS presence at last year's event, the Society again plans to host a stand at this year's Rally scheduled from June 27th to 29th. The objectives associated with the IRTS presence at this prestigious event may be summarised as follows: (1) To raise the image of IRTS among the other European societies. (2) To promote Ireland and things Irish among the large attendance and (3) To provide a base and resting place for IRTS members attending the Rally.

In order to draw up a roster of Irish hams visiting the Rally who might be willing to help in manning the Stand, those planning to travel are invited to send their names and contact details to Sean Donelan EI4GK. Sean's email address is "donelansean at gmail dot com". The commitment required from any individual is unlikely to be great but any assistance offered will be much appreciated.

## **Cork Radio Club, Rally Venue Change**

As you are probably aware by now the venue for the Cork Radio Rally has changed.

Due to the closure of the Blarney Park Hotel the club has had to move the Rally to a

new location. The Hotel that CRC has selected offers the same facilities as Blarney giving even more space to accommodate more traders and amateurs.

Cork Radio Club are very much looking forward to hosting the rally this year at the new venue and hope you will share the same commitment as before in the last 16 years.

Further details will be posted with regards to the location "how to get there" etc. A short video of the venue can be viewed on "you tube" URL [www.youtube.com/ei5crc](http://www.youtube.com/ei5crc)

The Cork Radio Club meets every Monday night at 8.30 pm at 1a Assumption Road Cork. Further details from the club Secretary, Frank Mason EI6EVB at QTHR.

### **GB3GEO Special Event**

GB3GEO will be on the air from The Prehistoric Caves, of "Kent's Cavern", England's oldest home in Britain. GB3GEO will be situated in The English Riviera (Torbay) that is recognised as having Geo Park status. There are six in the UK, and fifty-three in the world. It is hoped that GB3GEO will help to promote geological heritage to the general public.

There will be a special open day at the caves on Sunday the 25th and GB3GEO will be on the air during the weekend of 24th and 25th of May, operation is on 80 metres to 2 metres and the station will be run by Martin G3VOF, with help from John G7HIK, Paddy M1EIW, and Roger 2E0GHR.

There will be a special QSL card sent for all QSO's made with GB3GEO via the bureau.
